4. TECHNICAL SPECIFICATIONS:

The fixing device Wire 25 is composed of:

- Cable: metal internal part; plastic cover;
- Black plastic extremities; internal double sided tape: 28 x 28 mm;
- Device length: 25 cm.

Colour: As in the picture

InPEST products could undergo necessary or opportune technical changes, at any given time, without prior written notice to customers.

5. HOW TO USE:

Ready to use fixing device. Thanks to the double-sided adhesive tape, stick one of the two extremities to the box to be fixed and the other one on the wall or on the floor.

The installation is easy and quick.

NB: This is not a bearing fixing device. The cable extreme extension can cause the leakage clip collapse.

6. PACKAGING AND SPARE PARTS:

- Packs of 10 units.

7. DISPOSAL CONSIDERATIONS:

Waste disposal should be in accordance with existing Community, National and local regulations.
